

20th March 2020

Indoor Music Games – COVID-19 update

The board of Indoor Music Games, in conjunction with all show hosts and in line with urgent government updates recently announced, have agreed that all Spring IMG shows will now be postponed. This includes all shows scheduled up to and including IMG Essex on May 16th. The board are aware of the disappointment that this information will generate.

We are working hard in the background with our strategic partners, the results of which could possibly see an Autumn series emerge from October to the end of November. These discussions are in their early stages and again will entirely depend on the situation with COVID-19. As that situation progresses over the coming months we will keep everyone posted.

We would like to repeat, that our prime focus is in keeping everyone safe from harm and in these uncertain times we have an unprecedented extended duty of care to everyone involved in both hosting, organising, participating in and enjoying all the very many wonderful musical presentations that take place at IMG events across the UK.

Please stay safe everyone.
